## ANNOUNCEMENTS.

We are authorized to announce  
JUDGE JOHN PHELPS  
as a candidate for Circuit Court Judge in this district, subject to the action of the Democratic party. Election November 5, 1895.

We are authorized to announce  
JUDGE THOMAS P. COOK  
as a candidate for Circuit Court Judge in this district, subject to the action of the Democratic party.

We are authorized to announce  
JUDGE THOS. J. MORROW  
as a candidate for Circuit Court Judge of the Third Judicial District, subject to the action of the Democratic Convention July 9.

By authority we announce  
JUDGE R. J. WATKINS  
of Lyon county, as a candidate for Circuit Judge of this (the Third judicial district, subject to the action of the Democratic party.

The convention of Populists in this city Saturday was a very tame affair. The members of the party, or the supposed members of the party, were either too busy with their crops or too little interested to attend and there were not more than a dozen present to vote on the different propositions. Candidates for senator and representative were nominated but neither was present and it is not known if they will accept the nominations.—Park City Times.

United States Senator A. O. Bacon, has tendered the Board of Women Managers of the Cotton States a beautiful lot on Peachtree street, near the corner of Wilson avenue, for the erection of a hotel, intended for the accommodation of women, and to be conducted by the women of the Exposition Board. The lot is within convenient distance of the main entrance to the exposition, and has a delightfully cool and pleasant location.

Lawrence county has a novel attachment to its mail service. It is a woman mail carrier, who rides horseback six days in the week on the route between Louisa and Oliverville. It has been customary to refer to carriers as "mail boys," without regard to discrepancy in age. But the digression in this case is too great. Nature would kick. When speaking of this carrier please say the "female boy."—Ex.

Dun's weekly review says that reports from all parts of the country show a rising tide of trade industry which threatens here and there to mount too fast. In some branches, the volume of trade is larger than last year or any other year on record. This heavy increase, it is said, is due to very encouraging crop reports and to the replenishing of stocks which for two years had been kept as low as possible.

The Southern Railway and Steamship Association, at a recent meeting in New York, decided to haul, free of charge, all the state exhibits for the Cotton States and International exposition. This will greatly facilitate the work and add materially to the importance of the exhibits, as it will make the available funds go further in the collection of valuable material.

According to a report issued by the government, the mineral product of the United States for last year was valued at \$524,965,131. This was divided into metallic, \$218,168,788; non-metallic, \$305,796,343, and unspecified \$1,000,000. As compared to the previous year there was a large decrease in the aggregate output.

Some of the goldite papers are now claiming that Senator Turpie has abandoned silver since the adjournment of the Memphis convention over which he presided. Another evidence that they are engaged in manufacturing their thunder as they go along.

The massacre of the Spanish soldiers at Sama, Cuba, doubted at first, has been verified. The soldiers were quartered, nailed to trees, and otherwise brutally murdered.

The divorce suit against Champin Corbett has been sent to a referee, who is expected to decide the matter at an early date.

The mammoth tent, seating 12,000, in which the Epworth League convention is being held at Chattanooga, Tenn., was dedicated Sunday.

The idea of Democracy nominating Judge Linn is preposterous. He would beat a thousand votes at the general election. But if you don't come out and vote he will have things "fixed" for you at the convention which meets in Murray July 6th.—Murray Ledger.

The St. Louis Post-Dispatch says: No matter which way Kentucky votes, the Democrats of Missouri will hold a State convention in August and will declare explicitly and unequivocally for the free coinage of silver at the ratio of 16 to 1 without waiting for any other nation.

An election was held in Elizabethtown Saturday to take the sense of the voters on the question of bonding the town sufficiently to build a system of waterworks. The question was carried by the vote of 318 to 12, and the city will proceed to have water works at once.

Hon. Geo. H. Alexander, of Jefferson county, won the Democratic nomination for railroad commissioner at the second district convention held Monday in Louisville. It was one of the best fought political battles on record in Kentucky.

The Estill circuit court is about to try a peculiar case. An ex-county judge who was elected on a pledge to fill the office for a salary of \$400 a year and let the fees go to the county is now going to sue the county for the balance on the fees.

An absent minded young preacher in New England, wishing to address the young ladies of the congregation after the morning services, remarked from the pulpit that he would be very glad if the female brethren of the congregation would remain after they had gone home.—Ex.

The will of the late Secretary Gresham was probated at Chicago this week. He left his entire estate to his wife, who is made executrix.

## SMALL POX AT HENDERSON.

A special from Henderson to the Evansville Courier says: "Within the past few days eight cases of small pox have developed in this city, and are being cared for in a tent below the city limits. The newspapers of this city have been silent regarding the presence of the disease, while the correspondents for the foreign papers have neglected to give their respective journals any news about the unwelcome affliction. Two of the cases now in the pest tent, it is said, developed during the past three days. The physicians, when questioned regarding the patients, state that they are getting along nicely, but object to giving the number of those afflicted with the disease, and merely state that those afflicted contracted the disease at some other place. However, it is an asserted fact that there are eight cases there."

Regarding the above item the Henderson Journal of Wednesday makes the following denial: "We wish to make a positive denial of the above story before it gains credence. There is no epidemic of smallpox in Henderson now, nor has there ever been one. Furthermore none is expected, and such a publication is calculated to do this city considerable harm."

## It is Known By Its Cures

It is not what we say, but what Hood's Sarsaparilla does, that tells the story of its merit.

The thousands of people whom it has raised from disease and despair to happiness and health, are the strongest and best advertisements Hood's Sarsaparilla has. No other preparation in existence has such a record of wonderful cures.

This is why Hood's Sarsaparilla has the largest sale, and requires for its production the largest laboratory in the world.

Now if you need a good medicine, why not try that which has done others so much good. Remember

## A GRAND TRIP.

The Boston Convention Offers Rare Opportunity for Profit and Pleasure.

About 75 have thus far decided to join the Hopkinsville party in their "Royal Progress" to historic Boston. This is not an open excursion made up of promiscuous crowds, but practically a private party made up of our best people. The train will be strictly an endeavor train made up of fine vestibuled sleepers direct. The route is through many of our principal cities, via. Lake Erie, Niagara Falls, Mohawk Valley, Berkshire Hills, over the waters through Long Island Sound, and up the lordly Hudson. The round trip is only \$28.50, returning same way and \$33.75 via. Sound steamer and Hudson river. Free trips will be given to Saratoga and Lake Champlain. The tickets will be good until July 31.

There is no place on the continent that offers more attractions than does Boston. It is said to be the most interesting place on the continent physically and historically, and the 50,000 endeavorers, hailing from all quarters of the globe will make it equally so intellectually and spiritually. The Kentucky and Tennessee delegations will be quartered together in "Greater Boston." The endeavorers will visit Plymouth Rock, Bunker Hill, Concord and Lexington, Salem, Faneuil Hall, Old North and South churches, Harvard University, Washington Elm, Lowell's and Longfellow's and Hawthorne's home, Old Orchard Beech, White Mountains and hundreds of other places of interest. A bicycle excursion is being arranged along the course of Paul Revere. Behind and above all this will be the great Christian Endeavor convention, in which the scholarship of the world will be felt and where some of the world's orators will be heard. It will be perhaps the grandest convention in all the world's history. A convention where patriotism and Christian citizenship will be exalted, a convention of warm missionary flavor, a convention of great evangelistic efforts, a convention that will bring the ends of the earth together in the praise and worship of Almighty God. It would require pages to go into details of this mighty gathering. For full particulars address Mr. Fred A. Wallis.

The Benton Tribune says: "There were three boys and the same number of girls that ate 48 sandwiches, drank 30 glasses of lemonade and two gallons of water at Almo last Sunday and were still wanting more when they left."

## A Stuffed Emperor.

One of the most remarkable stuffed skins on record was that of Valerian, emperor of Rome, who was taken prisoner and afterwards kept in chains by Sapor, king of Persia. He was either killed in a tumult or by order of the conqueror, who was perhaps fearful of losing his valuable living trophy, in the year 269. The body of the dead emperor was treated with no more delicacy than when it held the spark of a living one. It was skinned; the hide, after being tanned, was stuffed, painted red, and suspended in the chief temple of the capital. It remained there for many years, and was the popular spectacle for holiday makers and visitors from the country. But it was put to more important ends than this. It was made a diplomatic engine of much significance and efficiency. In after times it often happened that the Roman envoys at the Persian court had misunderstandings, more or less serious, with the government to which they were temporarily accredited. When these ambassadors from Rome grew arrogant in their demands it was the custom to conduct them into the presence of the stuffed skin of the old ex-emperor of Rome, where they were asked if humility did not become them at sight of such a spectacle.—Hartford Courant.

## Choose Your Speech.

Those who are ordinarily the most careful in speech are sometimes led by excitement into the use of expressions which convey a meaning far different from what was intended.

The president of one of our leading colleges was annoyed one morning by the unseemly behavior of some of the students during the chapel services. Pausing for a moment, he turned toward the disturbing group and in a tone of great solemnity said:

## Catarrh Cannot be Cured

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. I was prescribed by one of the physicians in this country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials, free. F. J. CHENEY & CO., Props., Toledo, O.

## Good Health

And a good appetite go hand in hand. With the loss of appetite, the system cannot long sustain itself. Thus the fortifications of good health are broken down and the system is liable to attacks of disease. It is in such cases that the medical powers of Hood's Sarsaparilla are clearly shown. Thousands who have taken Hood's Sarsaparilla testify to its great merits as a purifier of the blood, its power to restore and sharpen the appetite and promote a healthy action of the digestive organs. Thus it is, not what we say but what Hood's Sarsaparilla does that tells the story and constitutes the strongest recommendation that can be urged for any medicine. Why not take Hood's Sarsaparilla now.
